

# Hoopla Tribal Civilian Community Corps

# Mission

- Mission of the Hoopa Tribe - To enhance Tribal membership, promote education and increase economic prosperity.
- Mission of TCCC – To make a difference in our own lives, improve the lives of others, and to positively change the environment of the communities we are serving.

# Identified Needs

## ➤ Megram / Big Bar Fire

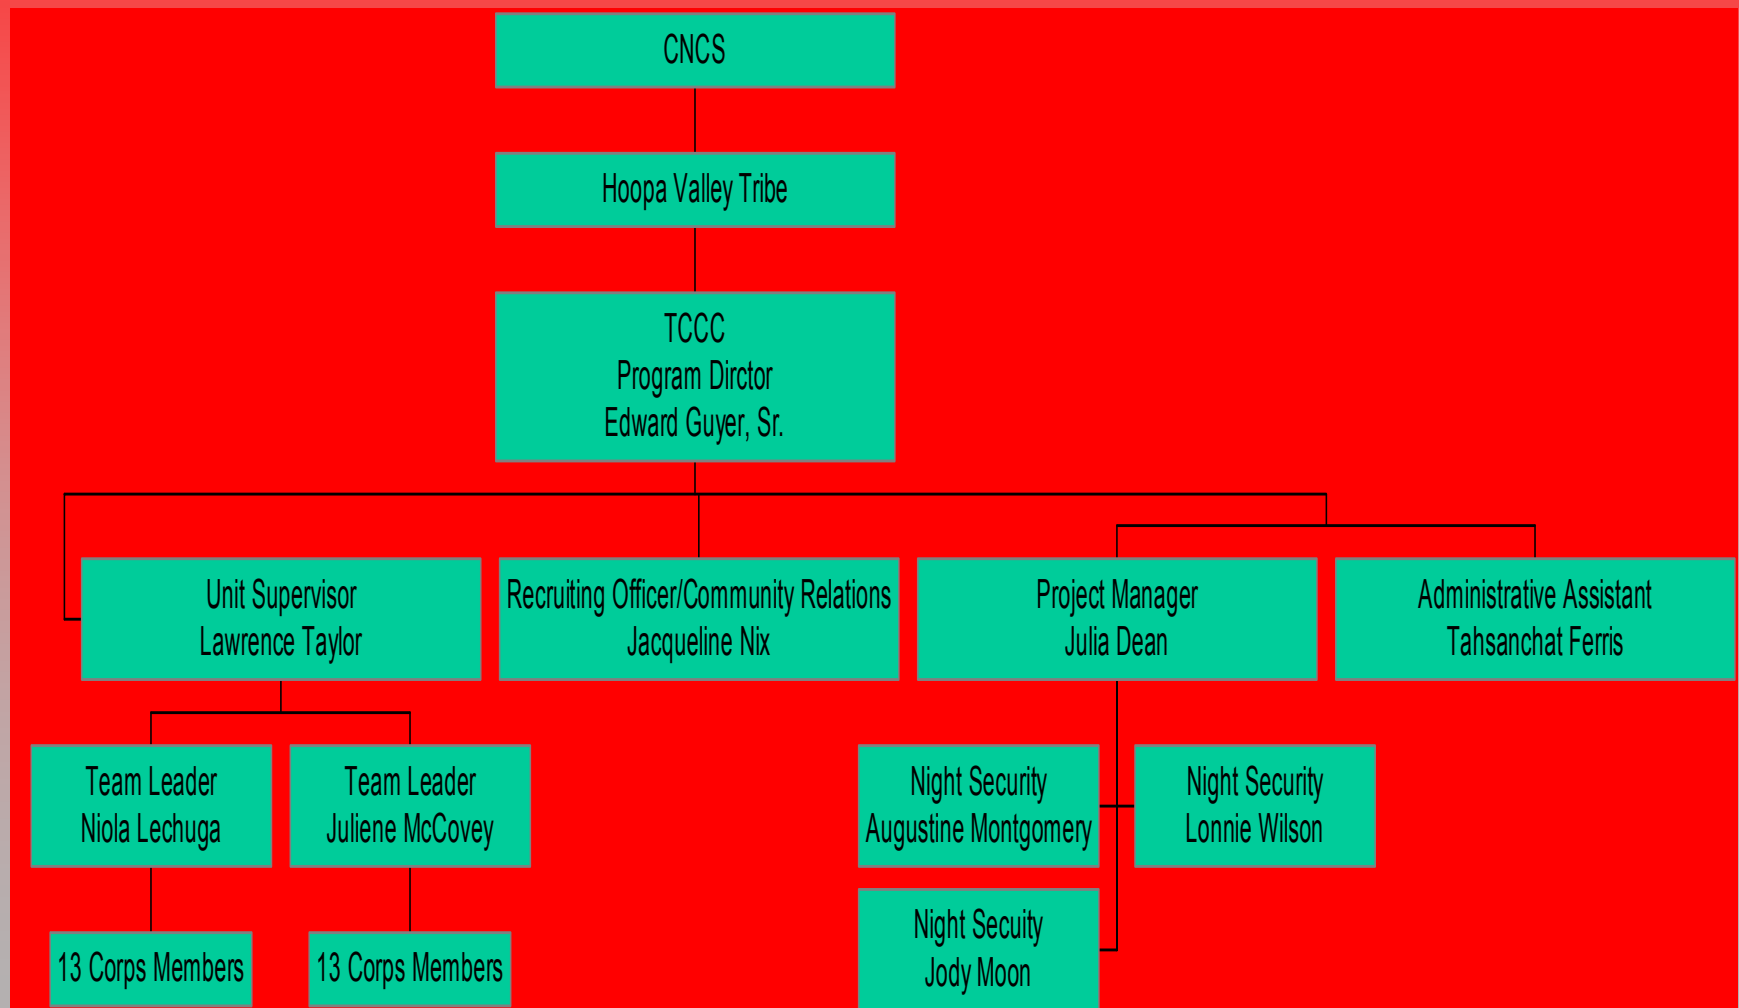

Photo by Warren Tamerius of the Hoopa People Newspaper

# Identified Needs

- High rate of unemployment
- Need for education and training
- Lack of community resources

# TCCC Organizational Structure

# Unique aspects

➤ Incorporates cultural aspects within project(s)

➤ Provides opportunities for members to find direction in their own lives for personal growth and development

➤ Allows Federally Recognized Indians or descendants of from all over the United States to “Get Things Done.”

- Are you ready for job skills & trainings?

Can you dedicate your life for ten months to living with other fellow corps members @ the TCCC facility?

**JOIN NOW!!**

Next class starts July 14<sup>th</sup>, 2003!

# Do You Need TCCC To Do a Project For You?

TCCC teams are composed of 8-9 members who will come to your area to help in some of the following ways.....

- **Environment** – construction of urban trail ways, restoration of historic public buildings, development of community gardens and conversation of vacant city lots to public parks, playing fields and community resource centers and much more...
- **Education** – helping students reading and writing, implementing and supporting after school programs, teaching computer technology and promoting adult literacy and mostly any cultural project.
- **Human Needs** – building low-income housing in urban and rural areas, working with developmentally disabled individuals, stocking & distributing food to needy families, assisting homeless & displace women to become self sufficient and much more!
- **Public Safety** – working with programs to prepare youth offenders for positive reintegration into communities, helping to establish neighborhood watch groups, installing smoke detectors in low income & elderly homes, performing wildfire mitigation, etc.
